

# SUPERSOFT lead Colouring pencil in 8 colours

## Main features

- Triangular Jumbo wood pencil
- Extra soft lead (more wax than standard pencil lead)
- Vivid colours and great covering power
- Lead resistance > 1,7 kg

## Product Quality

- Leads : mixing & extrusion
- Pencils made with natural wood
- Leads glued all along with water-based glue

## Laboratory controls

- Colour, covering power, lead resistance, pencil breaking strength, lead wear, sharpening effort, lead breaking when sharpening, drop test from 1m
- Gluing resistance after 5 days in oven at 40°C and 80% relative humidity

## Production controls

- Leads controls per statistical pick-up : diameter, bending, breaking strength, colour, covering power
- Pencils controls per statistical pick-up: dimensions, aspect, sharpening ability

## Product Safety

- Product assessed by an external toxicologist (ASTM D-4236)
- Product compliant with European toy standard (EN 71), tested annually by an independent laboratory
- Heavy metal content tested by an external laboratory (EN 71-3, ASTM 963, 16CFR 1303, 91/388/EEC)
- Product free from dangerous phthalates : DINP, DIDP, DEHP, DBP, DNOP & BBP (REACH - Annex XVII - parts n°51 and 52)

## Environment

- PVC free product
- Packaging compliant with packaging & packaging waste European directive (94/62/EC) (on volume/weight reduction and on dangerous substances restriction)

## Social Audit

- BIC Group code of conduct based on ILO conventions
- Self assessment process
- Auditing process with corrective action plan by an independent company
- Manufactured in an ISO 14001 factory (Environment management system)

## Country of Origin

- Made in China
