

SUMMER

mmmm!!!

Fans

You will need:

- . COLOURED Lolly sticks
- . Sheets of A3 size COLOURED paper, cut into strips 8 cm by 42 cm, across the width of the A3 sheet.
- . Clear adhesive tape, COLOURED tape is better.
- . Kid COULEUR XL and Kid COULEUR

Instructions:

- 1 Decorate the 8x42cm paper strips as you like, using Kid COULEUR and Kid COULEUR XL, on both sides of the paper.
- 2 Then, make accordion folds in each paper strip, with the width of the folds the same as the width of the Lolly stick.
- 3 Next, use narrow adhesive tape to hinge the two sticks together at one end, gluing each end of the paper strip (8cm edge) to one of the Lolly sticks to make the fan, and then you only need to open it up.
- 4 Finally, join the two Lolly sticks together, side by side, so that the fan stays open.
